Your brand and consumer experience

Displays your green commitment and helps customers to feel good about doing the right thing.

Food service operators want low cost and happy customers. Customers want ease-of-use, convenience and cleanliness. The environment needs us to come up with sustainable solutions for food service disposables. The right tableware can make all the differences. After all, it's an integral part of every meal you serve as well as your brand image.

GreenMark offers you affordable green packaging solution, perfect for both environment and business operation. Eco-friendly product range, superior product quality, good price, wide range of products in stock and fast delivery.

The line features premium quality products made with bagasse, a natural by-product of sugarcane processing which is not only made from plant based renewable resources, but is also compostable and biodegradable. GreenMark offers your customers the absolute best option of environmentally responsible disposables - sugarcane made products biodegrade in 60-90 days and are compostable.

To ensure correct disposal and to show your go-green commitment to your customers GreenMark will provide you with marketing materials – eye-catching window/display stickers and table cards. Make sure your customers know the positive impact your business is having on the planet!

Be sustainable – that's easy!

Display your green commitment!

When you purchase any GreenMark product, we will provide you with marketing material to promote to your customers that your business is eco-conscious.

Providing eco friendly solutions for food service professionals.

food service disposables biodegradable and compostable

< new range

unbleached / bamboo pulp

GreenMark plates, bowls and takeaway containers give customers a strong, sturdy and sustainable solution for all their dining needs. Oils and liquids will not soak through. Microwave and refrigerator safe. Made from sugarcane and bamboo fibers they are as good for the environment as they are for your business.

Natural and non-toxic, sugarcane/bamboo fiber is breathable, helping keep food fresher for longer. These premium plates are available in variety of sizes to suit any dining application. Functional stackable containers save storage space and easy to use in fast pace environments.

Better materials and design. Better supply services. Better result for your business.

Choose from our functional designs for:

- Cafe / Takeaway
- Restaurant
- Gourmet food market stall
- Corporate / event catering
- College / educational
